The Dock Commissioners yesterday received information from the Police Department saying that pler No. 19 East River is in a dangerous condition, and that an officer had been stationed at Fifty-seventh-st., East River, to detect persons charged with

ittelled for \$200,000 damages. Captain Flaherty, of the steamer, stated that the bark was sighted about three miles distant, heading across the starboard low of the Zeeland. No signals were given by the steamer, as the English laws prescribe the right of way. Suddenly the bark changed her course, as if to pass on the port side of the steamer, when the latter put her helm to port to keep clear. Again the bark changed her course, and the next moment was cut in two. Captain William's wrife and two children were drowned. The sailor, Charles Thompson, reported drowned, died the day before, and his body had not been surred. The rescued persons were transferred to the tag City of London, chartered by Captain Flaherty, and were landed at Dover.

CRUELTY TO HORSES AT BRIGHTON BEACH. Mr. Beigh has written a letter to the proprietor of the Brighton Beach race track, in which he declares that the defective condition of the track and the fatal accidents continually occurring to the horses engaged in the races there impose on him the necessity of demanding an immediate cessation of such crueltles. He gives notice to the proprietor that until the track is put in a suitable condition all racing must cease. He says that its use in its present condition is a violation of section 1 of chapter 375 of the laws of this State. Mr. Bergh has written a letter to the proprietor

HUNTERDON COUNTY AGRICULTURAL FAIR,

FROM AN OCCASIONAL CORRESPONDENT OF THE TRIBUNE. FLEMINGTON, N. J., Sept. 23 .- The twentyfourth annual exhibition of the Hunterdon County Agri-cultural Society opened to-day. It is a very popular display of horses and cattle, sheep, swine and poultry is bark Corinna, off Dungeness, on the night of Sep- always large, but this year larger and liner than ever always large, but this year larger and liner than ever before. There is one Hambletonian family, consisting of the mother and half a dozen of her pro-geny, ranging from six months upward, all relaed by one young farmer, and all handsome, clean stock-One of these is worth \$600. The fruit, grain and vene-table exhibit is very fine. The fancy work in the lodies' department is quite bewildering in its variety. The old indies have fairly exhausted themselves on cannod fruits, pickles, joins and jellies. There is a premium for the greatest dispay of these things, and so there are some curious results, for instance, encumber and onton jellies. The attendance promises to be large.
